- My transcript
- Grading policy

Good to know

- You are signed out automatically after **1 hour** without activity. Sign in again.
- Never share your password. If you forget it, the **Admin office** gives you a new temporary one.
- Print or save as PDF** is one button: pick a printer or "Save as PDF" in the print window.
- You can only see **your own** plan, grades and transcript.

1

Sign in for the first time

Use the temporary password from the Admin office, then choose your own.

WHERE **Login page**

Once, on your first visit

1

Enter your details

In **Student ID or Username** type your Student ID.
In **Password** type the temporary password you were given.

2

Sign in

Click **Sign in**.

A wrong ID or password shows the same message, so check both carefully.

3

Choose a new password

You are taken to **Change your password** automatically.

Fill **New password** and **Confirm new password**, then click **Set password**.

4

You are in

You land on the **Dashboard**.

From now on sign in with your new password.

Your new password needs **at least 6 characters, with at least one number and one lowercase letter**, for example **lion7bridge**.

The temporary password works **once**. Until you set a new password you cannot open any other page.

2

Plan your courses for a semester

Build your course plan and send it to the Registrar for approval.

WHERE

 **Course planning**

While the semester is Open

1

Browse the catalogue

Open **Course offerings** to see what is available. It is for reading only: you add courses in the next steps.

2

Open Course planning

Pick the semester marked — **open for planning** and click **Show**.

If you see “Course planning is not currently open”, planning has not started yet.

3

Start your plan

Click **Start building your plan**. An empty plan called **Your plan** appears.

4

Search and add courses

Type a code, title or instructor in **Code, title or instructor** and click **Search**.

Click **Add** beside each course. Your **courses and Cr/Hrs total** update at once. **Remove** takes a course back out.

5

Submit the plan

Click **Submit plan**.

The banner says **Your plan is with the Registrar**.

6

Wait for the decision

Approved courses are **registered** and shown as Locked.

A turned-down course shows the reason. Replace it and click **Resubmit plan**.

Change it, submit again

Changed your mind after submitting? You can still edit a plan nobody has decided on. It leaves the queue, so click **Resubmit plan** when you are ready. **Delete plan** is available while it is still a draft.

When the semester moves to **In Progress**, planning closes: “Planning is closed for this semester. You can look at your plan, but not change it.”

3

See your grades

Check your results and your GPA after the Admin office has approved them.

WHERE

[My grades](#)

Whenever results are published

1

Open My grades

Click **My grades** in the menu.

If it says “No results have been published for you yet”, the grades are still waiting for approval.

2

Read your record

Cumulative record shows your **CGPA** and your credit hours (Total, Completed, Remaining).

Semester by semester shows each term.

3

Open one semester

In **Semester results**, choose the **Academic year** and the **Semester**.

Your courses, grades and Cr/Hrs are listed, with the semester GPA under the table.

4

Check repeats

If a card called **Outstanding repeats** appears, those are courses you still need to repeat.

Grades appear only after the **Super Admin approves** them, so a result you expect may not be there yet.

4

Print or save a semester grade sheet

Get the College's own grade sheet for one semester, on paper or as a PDF.

WHERE

[Semester results](#)

Any time after the grades are published

1

Open My grades

Choose the **Academic year** and **Semester** you want.

2

Click the printer icon

It is at the top right of **Semester results**. Its name is **Print or save as PDF**.

3

The grade sheet opens

You see the College letterhead sheet (A4, landscape) and the **print window opens by itself**.

4

Choose where it goes

Under **Destination** pick your printer, or **Save as PDF** to keep a file.

Then click **Print** or **Save**.

Click **Back** on the grade-sheet page to return to My grades.

Every print is recorded by the College for security. Print only what you need.

5

Print your unofficial transcript

Download a full copy of your record for your own use.

WHERE

 My transcript

Whenever you need a personal copy

1

Open My transcript

Your full academic record appears on the page, semester by semester.

2

Check it

Look at your details and your courses. If a yellow message says your past records are still being entered, some old results are missing for now.

3

Print or save as PDF

Click **Print or save as PDF**, then choose a printer or **Save as PDF**.

Your copy carries an **UNOFFICIAL** watermark and is not accepted as an official transcript. Ask the Registrar's office for the official one.

6

Change your password later

Choose a new password at any time, for example if someone else might know it.

WHERE

 Change password

Any time

1

Open Change password

Click **Change password** in the top bar.

2

Fill in three boxes

Current password, then
New password, then
Confirm new password

3

Save it

Click **Set password**.
Use the new password the next time you sign in.

Rule: **at least 6 characters, one number, one lowercase letter**. Choose something only you would know.

Stuck? Visit the **Admin office**. They can reset your password and fix a missing grade. Bring your Student ID.
